

INJURY-FREE WORKPLACES. PROSPERING.

Burn Prevention Package

The Service and Hospitality Safety Association (SHSA) would like to thank you for your commitment to workplace health and safety. As your safety association, we are dedicated to helping you make your organization an injury-free workplace. To reduce workplace injuries, the SHSA is addressing the concern of certain risk-based groups. After analyzing our research, we have found that the restaurant industry has a significant increased risk for burn injuries.

The SHSA has developed this package to help educate your workers on burn prevention. Our goal is to provide the tools and resources necessary to help reduce and eventually eliminate injuries caused from burns. Please print and share the information provided to your staff to help reduce and eliminate workplace burn injuries.

The package includes:

1. Burn Information Sheet
