

SUPERHERO ASSIGNMENT

Have you ever imagined what it would like to be a superhero? What would your powers be? What would be your weakness? What would your costume look like? Would you have a sidekick? Use what you learned from today's session about safety and bullying.

The Assignment:

Create a superhero that relates to today's safety presentation. Below are some questions for you to answer in regard to your superhero. Once this is completed, you will need to bring the character alive by sketching out a picture.

Examples: a superhero to help you talk to bullies, or maybe a superhero who has to wear proper equipment/clothing to rescue others who may be stuck in fires.

1. What is your superhero's name?

2. Describe your superhero's costume.

3. What are your superhero's special powers? (Remember these powers are what will help against bullies, preventing injuries and keeping everyone safe).

4. What are your superhero's weaknesses?

5. Who is your superhero's sidekick and what do they do?

6. Create a brief safety story in which your superhero came to the rescue. What did your hero do to save the day?

REFLECTION: WHAT IS ONE NEW THING YOU LEARNED ABOUT SAFETY TODAY?

STOP & ASK!!
