Safety Centered Leadership Nomination Form

Service Hospitality's Safety Centered Leadership Award is presented annually to a winner(s) who has demonstrated Safety Centered Leadership in their role.

What is Safety Centered Leadership?
Safety Centered Leadership is effective leadership that considers safety in all business decisions. Safety is valued in the workplace, at home, and in the community. Safety is a requirement and not an optional consideration.

Eligibility & Award Criteria
This award is for individuals (or in some cases, groups of individuals), but is not an **organizational** award. If a group of individuals is being nominated, the reasoning must be explained. Individuals can be from any level of an organization, as long as they demonstrate Safety Centered Leadership, this could include:

- Going beyond minimum requirements.
- Leading safety, not just following along.
- Speaking about safety in the community.
- Introducing initiatives that reward positive safety behaviours.
- Being a spokesperson/champion for safety.
- Producing positive outcomes in health, safety, and wellness culture.
- Integrating health and safety into business and work practices.

Completed nomination forms and any supporting documentation must be sent to info@servicehospitality.com on or before November 29th, 2026.

Received forms will be confidential and only shared with the selection committee. Only the winning nominee(s) will be shared.
